MAIL BID LIST #18

Closing February 18, 1989, Sunday, 7:00 p.m. USA Pacific Time

Collectors of Latin-American tokens will find especially good pickings in the Mexico and Guatemala sections. British Commonwealth enthusiasts should look in the British Isles, Gibraltar, Ceylon and Australia sections for interesting bidding choices. There is a Suez Canal commemorative as well as some new telephone tokens from countries that are difficult to collect. Transportation artifact collectors will find a huge collection of some 1500-2000 world transportation tickets, passes, etc. available in one lot, something that comes only once in a while. Gaming token collectors will encounter a rare group of Macao gambling tokens and chips.

Lot descriptions are of necessity brief and oriented to numismatists. Sizes are in millimeters, although larger paper pieces are often in inches. Tokens are round unless otherwise indicated. Materials are shown as Al, Br, Cop, Ir, Ld, Nkl, Zn or Pl(astic). When parentheses are used it means that the information enclosed is not in the token legend or describes some device on the token. Catalog numbers are often used to aid description, e.g. (L#101.3) and refer to the most standard U.S. work on the topic at hand. Since listing each reference would be too cumbersome, please write if you need to know which. Dollar values written simply (\$5) mean a suggested bidding range. An MB enclosed with a dollar value in parentheses (e.g. (MB\$25)) means a "Reserve" or "Minimum Bid". Grading can be only approximate in a series as varied as tokens. I try to be conservative and in most cases have reduced items by one grade where there is any question in my mind. Comments on my listings and methods of operation are always welcome.

NEW BOOKS:

France/Germany: Necessity Coins, Tokens and Related Pieces from AD270 to 1987 in French Lorraine/ German Lothringen by Edgar Wendling (1988) 150pp hardbound, photos, in French and German. A fascinating intercultural study. (\$40)

Madeira: Tokens of Madeira (Fichas da Madeira) by Carlos Pascoal (1988) 111pp, paperback. Brand new. Photos, prices and history in English, Portuguese and German (\$15)

Mexico: Municipal and Private Coins of San Luis Potosi (Monedas Municipales Y Particulares De San Luis Potosi) by Claudio Verrey C. (1988) 56pp. card cover. Includes hacienda tokens as well as the early crude city and later shopkeeper pieces. Photos, prices, in Spanish. (\$14)

UNITED STATES

1. Post Exchange, Torrey Barracks, 5 Cents Brass 20.5mm VF+ (\$50) An apparently unrecorded military Post Exchange token from the Philippines. I have not been able to find a locale for the facility although the token's design is consistent with others used there after the Spanish-American War. Interestingly it comes on consignment from Poland. Jim Shipley of Virginia, an authority

2

on military history, indicates that there was at least one unit serving there at the time consisting of recruits from all over the world. Described as "the regiment that never came home," its members returned to their home countries rather than to the USA. Maybe this piece travelled to Poland in the pockets of one of those men.

MAIL BID SALE RULES AND TERMS

1. The sale closes at 7 p.m. USA Pacific Time on the date noted above or until 15 minutes pass with no telephone bid. Lots are sold to the highest bidder. In the event of tie bids the lot goes to the earliest arriving bid. Bids of only a few cents difference will be considered tie bids.
2. Bids must be in U.S. Dollars and those under \$3 are respectfully declined.
3. Winning bids over \$50 will certainly be reduced to a 10% advance over the next highest bid, or its Minimum Bid. Below \$50 reductions will be made where possible and based on my judgement. In general the 10% guideline will be followed. The maximum reduction will be 50% in any case. Bids will not be reduced under \$10. In general acceptable bids will be those that are at least 60% of the estimated value.
4. Successful bidders will either be billed first or sent winning lots with the bill if they are established customers. Postage, shipping and insurance costs will be added to the invoices where such are appropriate. There will be a minimum charge of \$1 for postage and processing. A 5% Bidder's Fee will be added for the first time. California residents must pay 6% Sales Tax. Overseas customers must accept responsibility for postal delivery.
5. **Prices Realized:** please order them when you submit your bids. Do not send payment. I will include the cost with your bill, \$1 per copy.
6. Lots may be returned within 10 days of their receipt only if there is a major error in the description or in the material sent. Please check the shipments for such and keep a copy of the bids you submit. Please pay within 5 days.
7. **Lots Made Up of Multiple Pieces:** In most cases these consist of items which are a) very common, b) badly worn or damaged, c) struck after 1950, d) of little collector interest or e) all of the above. Please bid accordingly. I try to describe them as much as I can afford the space, but because of their nature descriptions have to be limited.
8. Book prices include USA Book Rate or International Surface Mail postage. First Class or Air mail is extra.

BIDDING BY TELEPHONE? My number is (415) 648-8634. The best hours to reach me are 7-9 a.m. Pacific Time. However the least expensive and most certain means to bid is by mail even if only on a postcard. At times business may keep me away from the phone for days. I will accept bids over the phone and current bid levels are available from the computer. However if you request such information, you must bid at least 10% over the highest in order to have your new bid qualify. For items quoting under \$10, you must bid at least \$1 more to qualify. For those who like to call in bids at the last minute: I will try to have all bids posted, but often at the end of the day it is not possible when they come in thick and fast. 98% of all successful bidding is accomplished with high bids by mail.

1001A. World Railway Tickets

Mostly: about 14 pounds (7 Kg) of paper and cardboard world railroad, bus, street car, ferry & etc. tickets, passes and transfers in good condition which take up most of an 8x12x18 in. corrugated box. I did not count them. There must be about 1500-2000 pcs. From the looks of them very, very few duplicates. Mostly Britain, pre-British Rail issues, but all countries of the world except USA, including Africa, Asia, Latin-America. The earliest date I could find is 1930, the latest 1958. There are tickets for military, children, 1st Cl, 2nd Cl etc. The batch has a very low MB\$150. Worth about \$200 at least.

TURKISH PALESTINE: J. Pross, Haifa, Syrian, 20 (Paras), a lead compound, about 22mm (See Lot 917). The estimated date of issue is about 1865-85. Nothing is known about this token, obviously a merchant's emergency issue. At the time there was little government-issue small change available and a large influx of new settlers and Holy Land pilgrims. The whole area was called "Syria" at the time, "Syrian" being the German spelling. It is very likely that Pross was a German christian as Haifa was largely developed by fundamentalist Christian settlers and for many years was noted for its large German colony. This latter was roughly contemporary with Jewish settlements like Mikveh Israel and Zichron Jacob, the tokens of which are well known.
